## **Spotlight Bayswater helps Orphanage in Kenya**

The team at Spotlight Bayswater are putting their sewing skills to good use and creating garments for the children at the Dago Dala Hera Orphanage in Kenya.

Dago Dala Hera Orphanage is a non-profit organisation that it is situated in the western community of Dago Village. The area has been seriously affected by the global challenges posed by HIV/AIDS, poverty, diseases and unemployment. The orphanage is currently home to 36 girls and functions as a day-care feeding facility for primary school children.

Bayswater Spotlight heard the orphanage was in desperate need of school uniforms and clothing for the children and decided to step in and help by making pinafores.

Bayswater Spotlight is encouraging their customers to join them in helping the orphanage through making the pinafores. Anyone who would like to take part can go into Spotlight Bayswater, borrow the pattern for free, purchase some suitable fabric and then drop the finished pinafores and pattern back to the store.

This is a great project for anyone who enjoys sewing in their spare time and a worthy cause working towards improving the quality of life of these children.

Please see attached the images from the orphanage and some of the pinafores already made by staff at Spotlight in Bayswater.
